

Peter, Paul, and John – “The Three Apostles Caregivers”

On December 15th and 16th, 2007, many stories were shared by cancer survivors at our first ACS Canine Relay For Life Santa Paws event. One of the most memorable stories is about “The Three Apostles - Peter, Paul and John.”

The dogs in the photograph above are Peter, Paul, and John. These dogs belong to a cancer survivor named Mr. Yarmish. They have been his caregivers since he was diagnosed, through his treatment, and now in his remission. He considers his dogs his family and his closest friends and believes they contributed to his being cancer free.

Mr. Yarmish did not have the strength to bring all 3 of his “best friends” to see Santa Claus. Instead, he brought their photograph to our event with a donation and asked that we share this story.

During the two day Santa Paws event we photographed 101 dogs and donated over \$1100 to the American Cancer Society. This is only one of many stories shared.

Join the American Cancer Society Canine Relay For Life of Pottstown and our canine caregivers in our efforts to create a Cancer Free World!
