

American Cancer Society

**Relay For Life of Pottstown**

---

*WE LET THE DOGS OUT!*

**2009 marks the American Cancer Society Relay For Life's 25 years of "Celebrating Hope". Our dogs will lead ACS fundraising into the next 25 years of *cancer cures!***

**Are you a cancer survivor who has had the help of a wonderful canine to get you through your experience? Do you know a canine caregiver?**

**Cancer survivor and canine caregiving experiences are inspiring and warmly understood by all of us who love our "best friends".**

**Please help us make a difference in the lives of people around the world and share your story. Photos are welcome....Send your story or for more information contact:**
